NEWS – Eurowag toll transactions to Webdispecink

Toll transactions paid by the OBU unit are now imported into as part of the company's automatic cost import package from Eurowag.

At the same time, toll transactions are being sorted. When the name of the country in which the toll was paid is added to the text (CZ Toll, SK Toll...).

The original text that was in the transaction is moved to notes.

Datum	Číslo	Zdroj	Typ	Text	km	mh	Množství	Cena MJ	Cena	DPH	% DPH	Celkem	Měna	Histo	Poznámka	Vložil	Řidič	Dodavatel

NEWS – Automatic creation of new driver

If you have digital tachographs in your vehicles, you can set these options above your company:

Create automatically from driver card backup - creates a new driver if the driver is not already created.

Automatically add a new driver card – if the driver has a new/recent card - update the driver in Webdispecink.

Edit the settings in Settings/Company/Company.

Drivers:

Drivers form menu: Surname Name ▼

Show driver's personal number in dropdowns

Working time: 8,5 daily

include emergency to hours worked

Send a monthly driver style evaluation via email for all drivers

Create driver card automatically from backup

Automatically assign new driver card

NEWS – New API _setTask

A new API function for creating and editing tasks has been created - `_setTask`.

Here you can find the API Documentation where all input parameters are described.

The API function returns the `IdTask` parameter of the created/edited task.

To create a new task, the `IdTask` parameter is left blank. For editing it is filled in.

NEWS – Two-round approval of trips

A checkbox has been added to the company settings "Two-round approval of trips".

If the checkbox is unchecked, the trip will be approved under that user.

If the checkbox is checked, the trip approval is matched according to the driver assigned to the user, if it is not the given driver it is entered as a supervisor.

Tools:
<input checked="" type="checkbox"/> all
<input checked="" type="checkbox"/> Road accidents
<input checked="" type="checkbox"/> Tasks
<input checked="" type="checkbox"/> Communication with help of SMS
